TROUBLESHOOTING:

WHY AM I NOT ABLE TO LOG INTO ACCESS AFTER MY INITIAL LOGIN?

1. Did you create a new password when you first logged in? If not, the temporary password on file may be expired. Please email access@watkinsmfg.com for assistance.
2. This may be a browser related issue. Please ensure you delete all Watkins bookmarks and replace with the ACCESS homepage <https://access.watkinsmfg.com>.

WHY IS ACCESS NOT DISPLAYING ON MY BROWSER?

It could be that your browser is not up-to-date with the latest version. ACCESS works best with Internet Explorer, Google Chrome and Mozilla Firefox. If you are using Safari as your web browser, please enable cookies. The browser will not work correctly with the **ACCESS** portal unless cookies are enabled.

WHY AM I NOT ABLE TO ACCESS THE INDIVIDUAL SITES?

If you were experiencing issues accessing the Service Portal or WatkinsDirect™ sites, please contact access@watkinsmfg.com. Sending us a screenshot, and description of the error will help us to troubleshoot faster!
